EMPOWERING YOUNG PEOPLE THROUGH MISSION EXPERIENCES!

Dear Friends,

We are excited to announce a new initiative, our **Intergenerational Mentorship Project**, aimed at fostering the next generation of missional leaders within the Lutheran Church of Canada. With a **matching grant of \$50,000**, we can open doors for young individuals to explore and embrace their role in serving the Church through mission work, both within Canada and internationally!

As the family of God, we recognize the invaluable contributions of both our older members, who bring wisdom, experience, and leadership, and our younger members, who offer fresh perspectives and enthusiasm. Our goal is to bring these two generations together through mentorship opportunities that will shape and empower the future leaders of our church.

The Intergenerational Mentorship Project consists of two parts:

Global Mission Field Mentoring:

We believe in the strength and sustainability of intergenerational ministry. Experienced elders in the faith will mentor younger generations in the global mission field, bridging the gap between current and future leaders. This mentorship will ignite a passion for outreach

in the next generation and create a sustainable process to fill roles in missions, ministry, and outreach groups within the Lutheran Church.

English as a Second Language (ESL) Missions Across Canada:

With Canada experiencing high rates of immigration from non-English speaking countries, we see an opportunity to serve our immediate communities through ESL programs. Young adults will be trained and sent to assist congregations in teaching ESL during the summer season. This initiative not only benefits attendees by improving their English language skills, but also provides an opportunity to witness Jesus' love for others while fostering relationships as they integrate into Canadian society.

We firmly believe that expanding our youth and young adult programming in the areas of global and local missions will have a profound effect on the lives of participants, their mentors, and those they serve. We humbly ask for your financial support to make this project a reality. By contributing to this initiative, you are joining us in **growing Christ's kingdom** and serving His people.

Thank you for your continued generosity and support!

Blessings,

Helping young adults to see themselves as having a role in the work of the church means providing them with opportunities to experience and contribute using their own unique skills and abilities.

Being **called to serve** is a gift that can empower young individuals to make a positive difference where they live and throughout the world.

It is our prayer that this program will provide the framework for young people to collaborate with the church in a positive way and begin to understand what being a servant for Christ really is.

“You show that you are a letter from Christ, the result of our ministry, written not with ink but with the Spirit of the living God, not on tablets of stone but on tablets of human hearts.”

2 Corinthians 3:3
